

Streamlined Payroll Process

Clearly identifies clock issues, tip issues, and other adjustments requiring action that are normally dependent on managers to find.

Manage employees between locations, avoid violations, and maintain ongoing local compliance with Shared Employee Tracking

Formatted for all major payroll systems including but not limited to ADP, AmCheck, iSolved and Paychex.

Customizable tip pooling designed to fit the specific needs of your team.

"You just showed me what I spent 20 years trying to build and you are delivering it at a fraction of what I have spent (trying)."

-CFO, top-five QSR chain

Accurate Payroll Processing

Ensure pay rates, overtime and other critical cost and regulatory mandates are met. Exception alerts identify overages, differences and variances in payroll time by location

Shared Employee Tracking

Manage overtime, tips, productivity, and other critical employee data between locations. Merge records with all locations on staff to avoid violations and maintain ongoing local compliance.

Easily identify any errors
