

## Access the Shift X App as an Employee

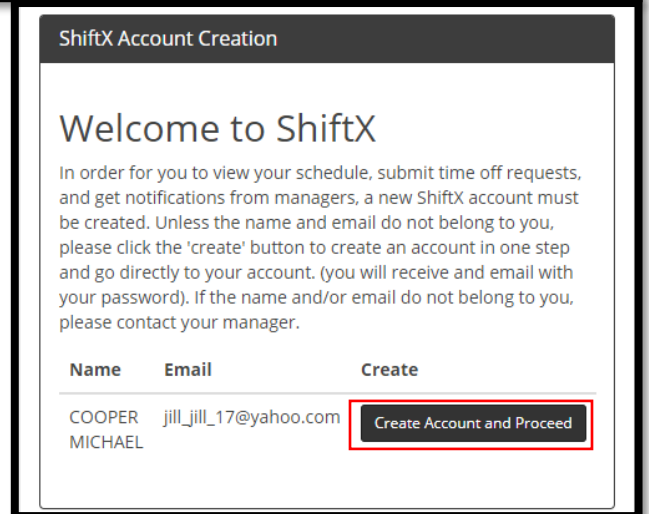

This guide will show you how to access the Shift X app (app.efish.biz) for the first time as an employee. The Shift X app is tied to efish and will allow employees access to their schedule as well as to submit time off and shift trade requests to managers.

**Pre-requisites:** In order to receive the initial email which will provide access to Shift X an employee’s email must be on file in efish under **[Administration > Employee Admin]** a manager should ensure this is up to date for all new employees before posting a schedule in efish. (if your manager has posted a schedule but you did not receive an email please ask them to make sure your email is on file in efish.)

**Initial email:** When a schedule is published in efish which includes you as an employee you will be notified via email. if you have never accessed the Shift X app there will be a link at the bottom of the email that says **“Looks like you don’t have a user account with eFish. Click here to create one.”** Click the link to create a Shift X account.

**Welcome to Shift X:** The link will take you to the Shift X app Account Creation page which will display your name and email and a button to **[Create Account and Proceed]** if your name and email are accurate click the button in the lower right corner.

**Password Update:** The next step is to create a password for Shift X, fill out the missing information in the Account Info, Personal Information, and Address Box and then click Save in the bottom right. **Note:** your username will be your email address.
